MA FERGUSON WINS NOMINATION

FERGUSON MAJORITY IN MILAM COUNTY 1402 VOTES

OUR TOWN

Ma Ferguson has won the Democratic nomination for Governor of Texas, based upon returns complete to the Texas Election Bureau. The victory at the polls on last Saturday for Jim and Ma and the Ferguson platform is a neat compliment to an intelligent and discriminating electorate in Texas. Texans like fair play. The heart of our people is as big as any occasion demands. They like a good fight and after the fight is over they have always been ready to concede victory whenever and by whomsoever wins it fairly and honestly. There is no cause, as yet, to retrace this estimate of the people of Texas.

Designing politicians are quite another class. To them belongs only rebuke. It remains to be seen whether they will nullify the ballot. An important convention is to be held says the Dallas News, a once trusted journal but now a nasty cleavage to all that is bad in journalism. In an editorial Wednesday The News says the convention may be an important one at Lubbock, depending on whether a majority of its members are made up of Ferguson or Sterling delegates. The implication sought by The News, is not in fairness and justice a matter of who is in the majority, but the major question involved is that a certification of the nominee must be made in accordance with the returns of the Primary, giving to the candidate that which was won honestly at the polls.

The News, of course, makes no claim to contenance wrong doing but goes far enough to say that the Sterling delegates, if they so desire, may rob the people of their choice and certify the wrong candidate. This is an unwarranted reflection upon the intelligence and integrity of Sterling delegates. The comment of The News is most unfortunate. It does not advise theft of the ballot but suggests it may be done if the delegates desire. Just another way of advising fraud.

A convention may disallow the findings of the Executive Committee of the state party, as The News suggests, but The News neglects to say that the statute is mandatory that the candidate receiving the majority vote shall be certified as the nominee. The corruption of convention politics long ago led to the substitution of the primary system. To revert to the tactics of politicians who in those days thwarted the will of the people, is to destroy all confidence in the ballot box. It must not be done. If the official canvass shows that Mrs. Ferguson received the majority, the people of Texas will see to it that justice is done, no matter what the action of a state convention. If the official canvass shows that Sterling has received a majority, the convention should see that he receives the nomination. Nothing less than this procedure is either honest or fair.

Wide spread apprehension is felt because of the suggestion made in these comments. No honest Democrat would support Sterling as the nominee of the party if he should receive the approval of the convention when in fact he had not received a majority vote. The Ferguson people have not bolted. The bolters of 1924 and 1928 are in major part in the Sterling camp. We have not forgotten. It would seem incredible that any group of delegates could be so unfair. Likewise it would seem rank folly to destroy the party at a time when harmony should prevail. We will not assume that such is the intention of any delegate, but a warning is as good as the suggestion of fraud coming from the Dallas News.

Not long after he had suffered a broken nose from a rum bottle in England, Pussy Foot Johnson, came to Cameron to make a speech in 1928 against the Democratic ticket then

VOTE TABULATION IN TEXAS RACE SHOWS 2398 'MA' MAJORITY

Dallas, Aug. 31—Mrs. Miriam A. Ferguson led Gov. R. S. Sterling by 2398 votes for the democratic gubernatorial nomination of Texas on the final tabulation today of returns from Saturday's run off primary.

With 951,102 votes tabulated from 254 counties in the state, 251 of which were complete, the Texas election bureau gave the following for governor:

Ferguson 476,750
Mrs. Ferguson 476,750; Sterling 474,352.

The election bureau announced it would tabulate no more returns until Saturday, when it would gather the official returns from each county seat for release to Sunday morning papers.

The counties carried as incomplete are Kimble, Reagan and Zavalla, in all of which on the face of incomplete returns Sterling was leading.

Probably Complete
Latest returns from Kimble gave Sterling 782 and Mrs. Ferguson 627; from Reagan, Sterling 782 and Mrs. Ferguson 203; from Zavalla, Sterling 580 and Mrs. Ferguson 558.

The election bureau stated that Kimble and Zavalla counties probably were complete, but correspondents had neglected to so inform the bureau. Kimble had reported 1400 votes as compared with 1392 cast in the first primary in July. Zavalla has reported 1130 against 1106 in July. The outstanding vote was estimated at around 150. If all should be cast for Sterling the result would not be changed.

Count Is Unofficial
In previous statements, the bureau called attention to the fact that its tabulation was strictly unofficial and was made simply that the public might know the result of elections before the official count, eight days later.

The official count will be certified to the Texas state democratic executive committee, which in turn will certify the nominee to the state democratic convention. The convention then declares the nominee and authorizes the placing of his name on the party ticket to be voted on in the general election.

This year the committee meets on September 12 in Lubbock, one day before the state convention in the same city.

1932 Ginnings Ahead 1931 August Figure

There were 716 bales of cotton, counting round as half bales, ginned in Milam county from the crop of 1932 as compared with 607 bales ginned from the crop of 1931 up to August 16, 1932.

Hot dry weather caused harvesting to begin earlier this year than in 1931.

led by the great leader, Al Smith. He came under the auspices of the Anti Saloon League. He spoke in the Methodist church. We think it not out of place to print what Pussyfoot said the other day. Here it is:

"In 1928 prohibition was very popular and it took courage to stand against it. Hoover rode with the tide. Now prohibition is not so popular. The tide seems to be on the ebb, so Mr. Hoover changes his shirt and seeks to take political advantage of the trend. When prohibition again becomes more popular, the 'noble experiment' man will likely come back again."

"Mr. Roosevelt's proposition is unmistakably clear. Mr. Hoover's talk sounds like the squeal of a weasel with his tail cut off."

Executive Committee To Decide On Member At Jones Prairie

For the first time in the history of the Milam County Democratic Executive Committee, so far as the records show, the committee when it meets Saturday, September 3 will decide by casting lots the name of a candidate.

In the first primary at Jones Prairie names were written in for Executive Committeeman. It was necessary for a run off and at the August 27 primary election no one candidate received a majority. The law permits the committee to cast lots for the one to be elected in the event no one candidate receives a majority in the run off. Four names were on the run off ballot: C. C. Crook received 3 votes; T. B. Stidham 33; B. F. Wiese 24; J. A. McKinney 31.

A run off was necessary at Rock-

Flag Tournament In Golf Held Sunday

In the local Flag Golf Tournament held in Cameron Sunday afternoon, the following were winners: First prize, Bob Terry; second prize, Will Vogel of Rockdale; third prize, Fred Bethea of Rockdale. Dr. James Watson of Cameron captured fourth and Ed Manning of Cameron placed fifth in the games. There were 25 participants.

dale and E. A. Camp received a small majority over Hugo McCawley.

At Conoley Knox Conoley was elected over R. M. Beard Jr., for executive committeeman.

Joe Barber was re-elected a member of the committee from Watson Branch over C. E. Scales.

Mr. and Mrs. W. I. Clark and son Billie motored to Belton Sunday and visited friends.

GOVERNOR STERLING SAYS HE HAS WON NOMINATION

Governor Sterling says he will receive the approval of the State Convention at Lubbock on September 13 because he has won the nomination.

He charges illegal voting in the primary, based, he says upon "reliable information" from many sections. The defeated Governor says he will contest and fight to the last ounce of his energy. Dan Moody says he is conceding nothing.

There is a rising tide of speculation about the entire election tangle. Some are asking how Mr. Sterling got his information of fraud when as a matter of fact under the law fraud cannot be determined until boxes have

been opened and the ballots counted, unless influences outside the election booth have been found to be corrupt.

W. O. Huggins, Chairman of the State Democratic Executive Committee, in a statement says that a recount of the vote is impossible. How then will corruption be determined? This question is being asked. To assume fraud without proof will never get a hearing in court, Judge Huggins points out.

Illegal voting is charged, but where? If it did occur it follows as certain it happened on both sides and it will be interesting to open up the boxes.

"Good Government" Must Be Ferguson Government Milam Voters Declare

Ma Ferguson was victor by 1402 votes majority in Milam County over Governor Sterling when the polls closed at seven o'clock on last Saturday and the Democrats had answered the campaign question of "good government."

The Old Dominion of Milam, stalwart among Texas counties cast an intelligent ballot. The voters—3536 of them—said that good government is Ferguson government, and this in brief is the story of the campaign in Milam county.

For Good Government

Complete unofficial returns show that Ma Ferguson received 3563 votes and Governor Sterling received 2161 votes. This is the largest majority given the Ferguson name in fourteen years or more. Many have said it was the desire on the part of the people of Milam county to give the state good government for the next two years and two years thereafter if Ma wants the office again.

The Ferguson victory was a complete one. Mrs. Ferguson carried 40 of the 49 boxes in the county, sweeping into the victory column normal Moody and Sterling precincts like Jones Prairie, Gause, San Gabriel, Watson Branch, Milano, Davilla and Lilac. Sterling carried only eight boxes, the largest being Rockdale and the smallest Port Sullivan.

Strong For Ma

Gay Hill gave Sterling two votes and Ma 88; Elm Ridge voted for "Good Government" 70 to 4. Burlington, old reliable in Democratic Milam gave Sterling only 13 votes and for "good government" 135 votes. Marak, dependable and intelligent voting center gave Ross 3 votes and Ma Ferguson 92 votes. Ad Hall followed with almost as decisive vote for "good government" giving Ma 135 votes and Ross 15. In Cameron the storm center of Sterling's campaign where the church vote is strong Ma lost by only 31 votes. Sterling received 612 votes and Ma got 581. This is considered a very fine showing for Ferguson, although in 1924 Ma beat Felix Robertson at Cameron but never carried the box since that time.

Rally Is Held

There was a tie vote at Tracy between Ma and Ross.

The campaign was closed on Friday night by Ferguson people advocating good government with Judge John O. Douglas of Houston delivering the principal address. A number of lo-

New Store Opens In Cameron On Friday

Safeway Stores are opening a new modern food store in Cameron on Main Street here Friday.

This store is operating about 300 stores in Texas and according to F. F. Askman, their district manager, the new store here is the latest type and offers the maximum in shopping conveniences and displays a complete stock of nationally advertised goods. The policy of the company is a money back guarantee.

Mr. S. L. Williams will be the store manager and R. B. Alexander is the market manager.

Safeway Stores, according to Mr. Askman are heavy buyers of Texas products their purchases amounting to more than their Texas sales last year.

Bell County Judge Is Serving Milam Bench

Judge Few Brewster of Bell county is sitting in exchange of seats on the bench with Judge John Watson who is ill at a Dallas hospital and unable to be in Cameron.

R. P. Jeter, Hugo McCawley and John P. O'Neil of Burlington were selected by Judge Brewster as the jury commission to select grand jurors and petit juries for the ten weeks of the September term of court.

Among the possibilities of the next week will be the setting of cases against J. C. Tucker, involved in indictments as a result of the failure of the Cameron State Bank.

STERLING SUBMITS
TAX RELIEF TO THE
TEXAS LEGISLATURE

Austin, Aug. 30.—Charged by Governor R. S. Sterling to enact tax relief laws as speedily as possible and go home to keep expenses of the session at a minimum, the Texas Legislature met today in extraordinary session.

Members of the house voted overwhelmingly against proposals to reduce pay of legislators and employees engaged to carry on work of its members, but the senate passed a resolution proposing that the law makers give their services to the state without pay. The senate resolution must be concurred in by the house, however, before it can be effective.

Introduce Bills

Bills covering legislation asked by Governor Sterling in his proclamation bringing the legislature together were introduced in both houses soon after they were called to order by Lieut. Gov. Edgar Witt and Speaker Fred Minor.

The principal subject submitted for consideration was legislation providing for the state highway fund to assume payment of principal and interest on county and district road bonds, issued for the purpose of constructing roads now a part of the state system.

The governor also asked that a law be enacted remitting interest and principal on delinquent taxes provided they were paid prior to January 31, 1932.

Another subject submitted was amendments to statutes to permit insurance companies and building and loan associations to make investments in the stock of the federal home loan banks, created by a recent act of congress.

He said alterations in Texas laws governing these companies were necessary "so that home owners might have the benefit of those institutions in financing and refinancing and carrying and extending loans on their homesteads."

A TONIC Laxative

CONSTIPATION, with the annoying symptoms that usually come with it, cuts down organic force and disturbs normal health and well-being. A thorough cleansing of the digestive tract is of great assistance in the removal of sickening constipation symptoms.

When excessive accumulated waste matter disturbs and strains the muscles of the large intestines, rendering them temporarily unable to perform their wave-like evacuating movements, Theodor's Black-Draught is useful in stimulating them to activity, which, again started, should continue regularly until some future disturbance interferes. In this way, Theodor's Black-Draught is one of the TONIC laxatives, tending, as it does, to establish a regular habit of evacuation.

FERGUSON

(Continued from page 1)

cal speakers made short talks. W. A. Morrison, Jr. presided and among the speakers were Ben Lowenstein of Rockdale; J. K. Freeman of Cameron; Hon. M. E. Lathan who recently established law offices in Cameron and who was a member of the National Guard that placed East Texas under martial law. He told of the disaster that befell that section after Joke Wolters and his army had taken over the field for the major companies.

Hon. M. G. Cox responded to a call from the audience and said he was for good government and was supporting Mrs. Ferguson and gave his reasons discussing the affairs of the busted insurance company of which Sterling was a director. Another reason he said was the suspension of free speech and free press in East Texas when peaceful citizens were denied the right of assembly.

Pioneer Band

A feature of the Ferguson rally was the musical program rendered by the Pioneer Band of Cameron. This band has played more victory programs for Ma Ferguson than any other band in Texas.

The Sterling headquarters in Cameron arranged speeches in a number of precincts all of which went for Ma except Sharpe. The Ferguson people held only one rally and that was held in Cameron Friday night before the polls opened the next day for the battle of good government.

Jesse James of Thorndale led the ticket in the county. He was running for Representative against H. B. Krenak. A table is published showing the vote at each box.

In the state races C. V. Terrell ran ahead of Lee Satterwhite, Gregory Hatcher beat Ernest Thompson by about 1200 votes. Pierson ran ahead of Hickman for the Supreme Court and George Terrell of Cherokee beat Parrish about two to one in the county. Joe Bailey beat Cyclone Davis about 500 votes and Joe Burkett led Sterling Strong.

Sheriff Blaylock defeated R. L. Batte Jr., for Sheriff by a majority of 1059 votes.

Mr. and Mrs. J. C. Crouch of Edinburg visited friends in Cameron for the week end.

SICK HEADACHE

Many cases of SICK HEADACHE are due to constipation. If you have headache that is due to constipation, take Theodor's BLACK-DRAUGHT for refreshing relief. "I have taken BLACK-DRAUGHT, when needed, for about 15 years," writes Mr. J. W. Cooper, of Longview, Texas. "I first began to use it for sick headache that seemed to come from constipation."

"I would suffer about twenty-four hours with these headaches. I found out that BLACK-DRAUGHT would help me, so that is what I took. I am glad to recommend it to others, for this trouble, for it will give relief."

Theodor's BLACK-DRAUGHT is a purely vegetable laxative, preferred by thousands of men and women because it is so effective and economical.

WEEKLY COTTON LETTER

Supply

A recent cable from Shanghai to a prominent New York firm estimates the Chinese cotton crop around 2,800,000 bales, which is an increase of about 1,000,000 bales over the crop of last season.

If this estimate is correct, China, will no doubt, be able to largely supply her own needs and will be expected to import only a moderate amount of American cotton the present season.

In our own country crop reports, with few exceptions, continue to show deterioration.

Georgia, Alabama, Mississippi, Louisiana and portions of Arkansas, South Carolina and Texas report serious damage from weevils and insects. The crop in West Oklahoma, West and Northwest Texas is doing well with some reports of improvement from this area.

Demand

In dry goods circles the month of August has been featured with a tremendous demand for cotton goods in the United States. It is said by one textile authority that more goods have been sold, so far in August than in any one month in the history of the textile trade.

On the continent of Europe the demand for cotton and cotton goods has been quiet and moderate, but is beginning to show some improvement. The situation in England continues unsettled on account of the labor and the mill operators.

The Chinese mills are reported to be working on full time and in Japan consumption of cotton continues at a good rate.

Financial

During the past year and one half the world's increase of monetary gold has been over one billion dollars, or about two and one half times the normal rate of gain. An interesting fact is that modern history does not record an extraordinary increase of the world's supply of monetary gold that was not followed by an extensive rise in cotton and other commodities.

This increase in the gold supply has no doubt contributed to the recent advance in cotton and many other commodities and should continue to exercise a supporting influence.

Market

The late remarkable advance in cotton has been based largely on the small crop estimate of 11,306,000 bales issued by the Government on August 8, and reports of continued deterioration since; leading the cotton trade to believe that the next crop estimate will be even smaller.

The mills, having sold large quantities of goods, have been heavy buyers of future contracts to cover their sales, and this, along with strong speculative buying from many sources, has contributed greatly to the advance.

Bullish enthusiasm is now very

Got Over Weak, Painful Condition By Taking Cardui

"I was weak and run-down and suffered quite a bit with pains in my side," writes Mrs. Nick Barranco, of Beaumont, Texas. "I was nervous. I did not rest well at night, and my appetite was poor. My mother had used Cardui with beneficial result, so I decided to take it. I surely am glad I did, for it stopped the pain in my side and built up my general health. I took seven bottles in all."

For over 50 years, Cardui has been helping women just as this Texas lady describes above. Cardui is sold at all drug stores.

For "SECOND SUMMER" troubles

During the second summer baby is usually learning to eat new, strange foods and is cutting teeth—a bad combination.

At this trying time, one thing is essential. Keep his bowels working regularly and promptly, carrying off their daily load of waste without fail.

For this there's nothing like Castoria, made specially for babies and children. Castoria is a pure

vegetable preparation which contains no harsh drugs, no narcotics of any kind.

It is so gentle in action you can safely give it to a young baby for colic. Yet in larger doses it is an effective regulator for older children. You never have to coax them to take Castoria. They like it.

You know how suddenly second summer ailments develop. Be prepared with Castoria. Genuine Castoria always has the name, Chas. H. Fletcher, on the package. It now comes in two sizes. The new family size contains about 2½ times the amount in the regular size.

All Scouts in our troop will be glad to hear that we are going on a hike on Friday night, leaving our meeting place at 6 p. m. Troop 52, J. A. Lindle, Scoutmaster
Troop 52 did not have a meeting Friday night due to the political rally and so many of the boys playing in the band. The same meeting as planned for last week will be held next Friday night and the prize will be awarded as previously arranged.

Recommended Recipes

Green Tomato Mincemeat
1 peck green tomatoes, 5 cups of brown sugar, 4 cups raisins, 2 cups beef suet, 1-2 cup vinegar, 2 tablespoons salt, 2 tablespoons ground cinnamon, 1 tablespoon nut meg, 2 cups chopped apples, one tablespoon ground cloves.

Slice tomatoes thin or put through a food chopper, allow to drain, cover with cold water, place over the fire and boil for five minutes. Drain well add suet, vinegar, fruit and seasonings, return to fire and allow to simmer from 30 to 45 minutes. Pack while hot and process as for preserves.

Watermelon Pineapple Jam
1 quart ground watermelon rind, 1 quart granulated sugar, 1-2 cup glucose, 1 pint water, 2 cups grated pineapple or one No. 2 can.

Remove all pink and green from watermelon rind. Soak rind for five hours in salt water, using 3 tablespoons salt to 1 quart water. Drain and soak rind in clear water for 2 hours. Drain and cover with clear water and bring to boiling point. Drain and run through food chopper using a medium or coarse size blade. For cooking use a heavy aluminum or enamel lined kettle. Combine sugar, water and ground rind and cook until clear and mixture is of medium consistency. Add pineapple about 10 minutes before the rind has finished cooking, when jam has cooked low and is amber in color. Let come to a boil and cook slowly for 10 minutes. Fill sterilized standard 5 or 8 ounce container to overflowing, seal and process for 15 minutes at 10 lbs pressure.

Thousands of Women Have Taken Cardui on Their Mothers' Advice

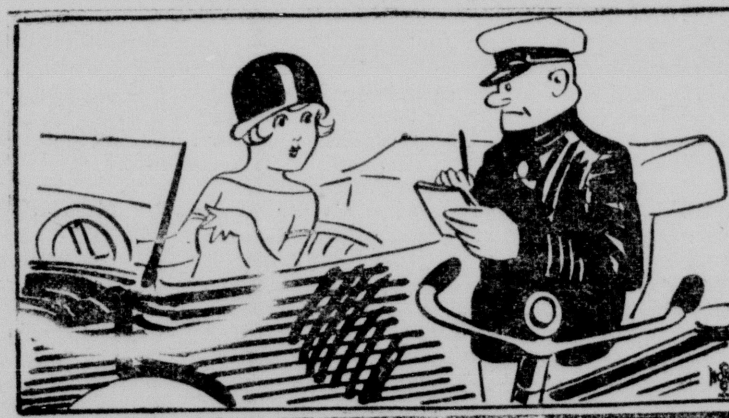

It is an impressive fact that many women have said they learned of the value of Cardui from their mothers.

What stronger evidence of her confidence in a medicine could a mother have than that she advises her daughter to take it?

Cardui is given the credit for relieving so many cases of womanly suffering that it is widely and favorably known. Druggists, everywhere, sell it.

If you are weak, run-down, suffering monthly, take Cardui. Take it for a reasonable length of time and try it thoroughly. As your health improves, you will share the enthusiasm of thousands of women who have written to say: "Cardui helped me."

MA FERGUSON WINS NOMINATION

FERGUSON MAJORITY IN MILAM COUNTY 1402 VOTES

OUR TOWN

Ma Ferguson has won the Democratic nomination for Governor of Texas, based upon returns complete to the Texas Election Bureau. The victory at the polls on last Saturday for Jim and Ma and the Ferguson platform is a neat compliment to an intelligent and discriminating electorate in Texas. Texans like fair play. The heart of our people is as big as any occasion demands. They like a good fight and after the fight is over they have always been ready to concede victory whenever and by whomsoever wins it fairly and honestly. There is no cause, as yet, to retrace this estimate of the people of Texas.

Designing politicians are quite another class. To them belongs only rebuke. It remains to be seen whether they will nullify the ballot. An important convention is to be held says the Dallas News, a once trusted journal but now a nasty cleavage to all that is bad in journalism. In an editorial Wednesday The News says the convention may be an important one at Lubbock, depending on whether a majority of its members are made up of Ferguson or Sterling delegates. The implication sought by The News, is not in fairness and justice a matter of who is in the majority, but the major question involved is that a certification of the nominee must be made in accordance with the returns of the Primary, giving to the candidate that which was won honestly at the polls.

The News, of course, makes no claim to censure wrong doing but goes far enough to say that the Sterling delegates, if they so desire, may rob the people of their choice and certify the wrong candidate. This is an unwarranted reflection upon the intelligence and integrity of Sterling delegates. The comment of The News is most unfortunate. It does not advise theft of the ballot but suggests it may be done if the delegates desire. Just another way of advising fraud.

A convention may disallow the findings of the Executive Committee of the state party, as The News suggests, but The News neglects to say that the statute is mandatory that the candidate receiving the majority vote shall be certified as the nominee. The corruption of convention politics long ago led to the substitution of the primary system. To revert to the tactics of politicians who in those days thwarted the will of the people, is to destroy all confidence in the ballot box. It must not be done. If the official canvass shows that Mrs. Ferguson received the majority, the people of Texas will see to it that justice is done, no matter what the action of a state convention. If the official canvass shows that Sterling has received a majority, the convention should see that he receives the nomination. Nothing less than this procedure is either honest or fair.

Wide spread apprehension is felt because of the suggestion made in these comments. No honest Democrat would support Sterling as the nominee of the party if he should receive the approval of the convention when in fact he had not received a majority vote. The Ferguson people have not bolted. The bolters of 1924 and 1928 are in major part in the Sterling camp. We have not forgotten. It would seem incredible that any group of delegates could be so unfair. Likewise it would seem rank folly to destroy the party at a time when harmony should prevail. We will not assume that such is the intention of any delegate, but a warning is as good as the suggestion of fraud coming from the Dallas News.

Not long after he had suffered a broken nose from a rum bottle in England, Pussy Foot Johnson, came to Cameron to make a speech in 1928 against the Democratic ticket then

VOTE TABULATION IN TEXAS RACE SHOWS 2398 'MA' MAJORITY

Dallas, Aug. 31.—Mrs. Miriam A. Ferguson led Gov. R. S. Sterling by 2398 votes for the democratic gubernatorial nomination of Texas on the final tabulation today of returns from Saturday's run off primary.

With 951,102 votes tabulated from 254 counties in the state, 251 of which were complete, the Texas election bureau gave the following for governor:

Ferguson 476,750
Mrs. Ferguson 476,750; Sterling 474,352.

The election bureau announced it would tabulate no more returns until Saturday, when it would gather the official returns from each county seat for release to Sunday morning papers.

The counties carried as incomplete are Kimble, Reagan and Zavalla, in all of which on the face of incomplete returns Sterling was leading.

Probably Complete
Latest returns from Kimble gave Sterling 782 and Mrs. Ferguson 627; from Reagan, Sterling 782 and Mrs. Ferguson 203; from Zavalla, Sterling 580 and Mrs. Ferguson 558.

The election bureau stated that Kimble and Zavalla counties probably were complete, but correspondents had neglected to so inform the bureau. Kimble had reported 1400 votes as compared with 1392 cast in the first primary in July. Zavalla has reported 1130 against 1106 in July.

The outstanding vote was estimated at around 150. If all should be cast for Sterling the result would not be changed.

Count Is Unofficial
In previous statements, the bureau called attention to the fact that its tabulation was strictly unofficial and was made simply that the public might know the result of elections before the official count, eight days later.

The official count will be certified to the Texas state democratic executive committee, which in turn will certify the nominee to the state democratic convention. The convention then declares the nominee and authorizes the placing of his name on the party ticket to be voted on in the general election.

This year the committee meets on September 12 in Lubbock, one day before the state convention in the same city.

1932 Ginnings Ahead 1931 August Figure

There were 716 bales of cotton, counting round as half bales, ginned in Milam county from the crop of 1932 as compared with 607 bales ginned from the crop of 1931 up to August 16, 1932.

Hot dry weather caused harvesting to begin earlier this year than in 1931.

led by the great leader, Al Smith. He came under the auspices of the Anti Saloon League. He spoke in the Methodist church. We think it not out of place to print what Pussyfoot said the other day. Here it is:

"In 1928 prohibition was very popular and it took courage to stand against it. Hoover rode with the tide. Now prohibition is not so popular. The tide seems to be on the ebb, so Mr. Hoover changes his shirt and seeks to take political advantage of the trend. When prohibition again becomes more popular, the 'noble experiment' man will likely come back again."

"Mr. Roosevelt's proposition is unmistakably clear. Mr. Hoover's talk sounds like the squeal of a weasel with his tail cut off."

Executive Committee To Decide On Member At Jones Prairie

For the first time in the history of the Milam County Democratic Executive Committee, so far as the records show, the committee when it meets Saturday, September 3 will decide by casting lots the name of a candidate.

In the first primary at Jones Prairie names were written in for Executive Committeeman. It was necessary for a run off and at the August 27 primary election no one candidate received a majority. The law permits the committee to cast lots for the one to be elected in the event no one candidate receives a majority in the run off. Four names were on the run off ballot: C. C. Crook received 3 votes; T. B. Stidham 33; B. F. Wiese 24; J. A. McKinney 31.

A run off was necessary at Rock-

dale and E. A. Camp received a small majority over Hugo McCawley.

At Conoley Knox Conoley was elected over R. M. Beard Jr., for executive committeeman.

Joe Barber was re-elected a member of the committee from Watson Branch over C. E. Seales.

Mr. and Mrs. W. I. Clark and son Billie motored to Belton Sunday and visited friends.

GOVERNOR STERLING SAYS HE HAS WON NOMINATION

Governor Sterling says he will receive the approval of the State Convention at Lubbock on September 13 because he has won the nomination.

He charges illegal voting in the primary, based, he says upon "reliable information" from many sections. The defeated Governor says he will contest and fight to the last ounce of his energy. Dan Moody says he is conceding nothing.

There is a rising tide of speculation about the entire election tangle. Some are asking how Mr. Sterling got his information of fraud when as a matter of fact under the law fraud cannot be determined until boxes have

been opened and the ballots counted, unless influences outside the election booth have been found to be corrupt.

W. O. Huggins, Chairman of the State Democratic Executive Committee, in a statement says that a recount of the vote is impossible. How then will corruption be determined? This question is being asked. To assume fraud without proof will never get a hearing in court, Judge Huggins points out.

Illegal voting is charged, but where? If it did occur it follows as certain it happened on both sides and it will be interesting to open up the boxes.

"Good Government" Must Be Ferguson Government Milam Voters Declare

Ma Ferguson was victor by 1402 votes majority in Milam County over Governor Sterling when the polls closed at seven o'clock on last Saturday and the Democrats had answered the campaign question of "good government."

The Old Dominion of Milam, stalwart among Texas counties cast an intelligent ballot. The voters—3536 of them—said that good government is Ferguson government, and this in brief is the story of the campaign in Milam county.

For Good Government

Complete unofficial returns show that Ma Ferguson received 3563 votes and Governor Sterling received 2161 votes. This is the largest majority given the Ferguson name in fourteen years or more. Many have said it was the desire on the part of the people of Milam county to give the state good government for the next two years and two years thereafter if Ma wants the office again.

The Ferguson victory was a complete one. Mrs. Ferguson carried 40 of the 49 boxes in the county, sweeping into the victory column normal

Moody and Sterling precincts like Jones Prairie, Gause, San Gabriel, Watson Branch, Milano, Davilla and Lilac. Sterling carried only eight boxes, the largest being Rockdale and the smallest Port Sullivan.

Strong For Ma

Gay Hill gave Sterling two votes and Ma 88; Elm Ridge voted for "Good Government" 70 to 4. Burlington, old reliable in Democratic Milam gave Sterling only 13 votes and for "good government" 135 votes.

Marak, dependable and intelligent voting center gave Ross 3 votes and Ma Ferguson 92 votes. Ad Hall followed with almost as decisive vote for "good government" giving Ma 135 votes and Ross 15. In Cameron the storm center of Sterling's campaign where the church vote is strong Ma lost by only 31 votes. Sterling received 612 votes and Ma got 581.

This is considered a very fine showing for Ferguson, although in 1924 Ma beat Felix Robertson at Cameron but never carried the box since that time.

Rally Is Held

There was a tie vote at Tracy between Ma and Ross.

The campaign was closed on Friday night by Ferguson people advocating good government with Judge John O. Douglas of Houston delivering the principal address. A number of lo-

Safeway Stores are opening a new modern food store in Cameron on Main Street here Friday.

R. P. Jeter, Hugo McCawley and John P. O'Neil of Burlington were selected by Judge Brewster as the jury commission to select grand jurors and petit juries for the ten weeks of the September term of court.

Among the possibilities of the next week will be the setting of cases against J. C. Tucker, involved in indictments as a result of the failure of the Cameron State Bank.

STERLING SUBMITS
TAX RELIEF TO THE
TEXAS LEGISLATURE

Austin, Aug. 30—Charged by Governor R. S. Sterling to enact tax relief laws as speedily as possible and go home to keep expenses of the session at a minimum, the Texas Legislature met today in extraordinary session.

Members of the house voted overwhelmingly against proposals to reduce pay of legislators and employees engaged to carry on work of its members, but the senate passed a resolution proposing that the law makers give their services to the state without pay. The senate resolution must be concurred in by the house, however, before it can be effective.

Introduce Bills

Bills covering legislation asked by Governor Sterling in his proclamation bringing the legislature together were introduced in both houses soon after they were called to order by Lieut. Gov. Edgar Witt and Speaker Fred Minor.

The principal subject submitted for consideration was legislation providing for the state highway fund to assume payment of principal and interest on county and district road bonds, issued for the purpose of constructing roads now a part of the state system.

The governor also asked that a law be enacted remitting interest and principal on delinquent taxes provided they were paid prior to January 31, 1932.

Another subject submitted was amendments to statutes to permit insurance companies and building and loan associations to make investments in the stock of the federal home loan banks, created by a recent act of congress.

He said alterations in Texas laws governing these companies were necessary "so that home owners might have the benefit of these institutions in financing and refinancing and carrying and extending loans on their homesteads."

BURLINGTON

Cotton picking is the principal occupation here at present, while some have not made much headway in picking as cotton is opening slowly. The two gins at Burlington, up to Monday, had ginned 255 bales.

Walter Stoneham of San Angelo visited his uncle, Henry Henderson, here recently.

The sad news has been received from California by relatives here of Sam McAtee that he happened to the misfortune recently of having his car go over a fifty foot bluff in California. He sustained a punctured lung, a broken collar bone and some broken ribs. Mr. McAtee formerly lived here and recently visited here. His many friends here will be sorry to hear of his trouble.

A TONIC Laxative

CONSTIPATION, with the annoying symptoms that usually come with it, cuts down organic force and disturbs normal health and well-being. A thorough cleansing of the digestive tract is of great assistance in the removal of sickening constipation symptoms.

When excessive accumulated waste matter disturbs and strains the muscles of the large intestines, rendering them temporarily unable to perform their wave-like evacuating movements, Theodor's Black-Draught is useful in stimulating them to activity, which, again started, should continue regularly until some future disturbance interferes. In this way, Theodor's Black-Draught is one of the TONIC laxatives, tending, as it does, to establish a regular habit of evacuation.

Balanced Rock Is Texas Wonder

Fourteen tons of solid red granite, yet it sets on three little points, one the size of a quarter, two the size of a silver dollar. This is "Balanced Rock," found 15 miles north of Fredericksburg, Texas, one of the Texas wonders.

The senior B. Y. P. U. will put on a play for next Sunday night in connection with the program. All the Unions are planning to attend the Zone Meeting at Clarkson next Sunday afternoon.

Mr. and Mrs. Tim Gleason are the happy parents of a baby boy born Sunday, August 28.

J. H. DuBois of Cameron spoke at the Baptist church here recently in the interest of Buckner Orphan's Home. He was accompanied here by Mrs. Frank Reid, a former Burlington resident.

In giving names of recent guests in the home of Mr. and Mrs. J. A. Collins the names of Charlie Collins and family of Rosebud and Mr. and Mrs. Joe Clift of Taylor were unintentionally omitted.

Mr. and Mrs. J. A. Collins of Burlington, Mrs. John Adams of Beaumont, and Mrs. Gladys Lewis of Waco visited in the home of Mr. and Mrs. Rob Glass at Travis last Thursday.

cal speakers made short talks. W. A. Morrison, Jr. presided and among the speakers were Ben Lowenstein of Rockdale; J. K. Freeman of Cameron; Hon. M. E. Lathan who recently established law offices in Cameron and who was a member of the National Guard that placed East Texas under martial law. He told of the disaster that befell that section after Joke Walters and his army had taken over the field for the major companies.

Hon. M. G. Cox responded to a call from the audience and said he was for good government and was supporting Mrs. Ferguson and gave his reasons discussing the affairs of the busted insurance company of which Sterling was a director. Another reason he said was the suspension of free speech and free press in East Texas when peaceful citizens were denied the right of assembly.

Pioneer Band

A feature of the Ferguson rally was the musical program rendered by the Pioneer Band of Cameron. This band has played more victory programs for Ma Ferguson than any other band in Texas.

The Sterling headquarters in Cameron arranged speeches in a number of precincts all of which went for Ma except Sharpe. The Ferguson people held only one rally and that was held in Cameron Friday night before the polls opened the next day for the battle of good government.

Jesse James of Thorndale led the ticket in the county. He was running for Representative against H. B. Krenk. A table is published showing the vote at each box.

In the state races C. V. Terrell ran ahead of Lee Satterwhite, Gregory Hatcher beat Ernest Thompson by about 1200 votes. Pierson ran ahead of Hickman for the Supreme Court and George Terrell of Cherokee beat Parrish about two to one in the county. Joe Bailey beat Cyclone Davis about 500 votes and Joe Burkett led Sterling Strong.

Sheriff Blaylock defeated R. L. Batte Jr., for Sheriff by a majority of 1059 votes.

Mr. and Mrs. J. C. Crouch of Edinburg visited friends in Cameron for the week end.

MRS FRED A. GRAVES IS BURIED SUNDAY

Many friends in Cameron sympathize with Preston Graves in the loss of his mother, Mrs. Fred A. Graves, who died Saturday afternoon, August 27 in her home in Rockdale after a decline in health for several months. The funeral was held Sunday afternoon at five o'clock at the home by Rev. Thomas of Shreveport, La., an old friend who was formerly pastor of the Methodist church in Rockdale, assisted by Rev. Craven, pastor of the Rockdale Methodist church. She was laid to rest by the side of her late husband in Odd Fellows Cemetery in Rockdale.

Mrs. Graves was 79 years old, had made her home in Rockdale for more than forty years, where she reared her family. Her husband was a prominent farmer and business man of Rockdale for many years. Many friends mourn her departure.

WEEKLY COTTON LETTER

Supply

A recent cable from Shanghai to a prominent New York firm estimates the Chinese cotton crop around 2,800,000 bales, which is an increase of about 1,000,000 bales over the crop of last season.

If this estimate is correct, China, will no doubt, be able to largely supply her own needs and will be expected to import only a moderate amount of American cotton the present season.

In our own country crop reports, with few exceptions, continue to show deterioration.

Georgia, Alabama, Mississippi, Louisiana and portions of Arkansas, South Carolina and Texas report serious damage from weevils and insects. The crop in West Oklahoma, West and Northwest Texas is doing well with some reports of improvement from this area.

Demand

In dry goods circles the month of August has been featured with a tremendous demand for cotton goods in the United States. It is said by one textile authority that more goods have been sold, so far in August than in any one month in the history of the textile trade.

On the continent of Europe the demand for cotton and cotton goods has been quiet and moderate, but is beginning to show some improvement. The situation in England continues unsettled on account of the labor and the mill operators.

The Chinese mills are reported to be working on full time and in Japan consumption of cotton continues at a good rate.

Financial

During the past year and one half the world's increase of monetary gold has been over one billion dollars, or about two and one half times the normal rate of gain. An interesting fact is that modern history does not record an extraordinary increase of the world's supply of monetary gold that was not followed by an extensive rise in cotton and other commodities.

This increase in the gold supply has no doubt contributed to the recent advance in cotton and many other commodities and should continue to exercise a supporting influence.

Market

The late remarkable advance in cotton has been based largely on the small crop estimate of 11,306,000 bales issued by the Government on August 8, and reports of continued deterioration since; leading the cotton trade to believe that the next crop estimate will be even smaller.

The mills, having sold large quantities of goods, have been heavy buyers of future contracts to cover their sales, and this, along with strong speculative buying from many sources, has contributed greatly to the advance.

Bullish enthusiasm is now very

Got Over Weak, Painful Condition By Taking Cardui

"I was weak and run-down and suffered quite a bit with pains in my side," writes Mrs. Nick Baranco, of Beaumont, Texas. "I was nervous. I did not rest well at night, and my appetite was poor. My mother had used Cardui with beneficial result, so I decided to take it. I surely am glad I did, for it stopped the pain in my side and built up my general health. I took seven bottles in all." For over 50 years, Cardui has been helping women just as this Texas lady describes above. Cardui is sold at all drug stores.

For "SECOND SUMMER" troubles

During the second summer baby is usually learning to eat new, strange foods and is cutting teeth—a bad combination.

At this trying time, one thing is essential. Keep his bowels working regularly and promptly, carrying off their daily load of waste without fail.

For this there's nothing like Castoria, made specially for babies and children. Castoria is a pure

vegetable preparation which contains no harsh drugs, no narcotics of any kind.

It is so gentle in action you can safely give it to a young baby for colic. Yet in larger doses it is an effective regulator for older children. You never have to coax them to take Castoria. They like it.

You know how suddenly second summer ailments develop. Be prepared with Castoria. Genuine Castoria always has the name, Chas. H. Fletcher, on the package. It now comes in two sizes. The new family size contains about 2½ times the amount in the regular size.

All Scouts in our troop will be glad to hear that we are going on a hike on Friday night, leaving our meeting place at 6 p. m. They were then invited to the dining room where a pink angel food cake topped with two tiny pink candles was the center of attraction. Mrs. Gladys Watson, Worthy Matron of the Chapter, welcomed the guests and presented Mrs. Katherine Robbins who gave a short sketch of Morris' life and work. This was followed with a delightful picnic lunch
